WHAT IS IVAS?

Derived from the word "NIVAS" which has a sanskrit origin which symbolizes a house, apartment or other shelter that is the usual residence of a person, family or household in which one's domestic affections are centered.

IVAS is a revolutionary concept that transforms home interior design with innovation. The letter "A" symbolizes our unwavering commitment to upgrading living space, which embodies our aim to usher in a new era of interior design that is better, bigger, and stronger. IVAS strives to inspire and redefine the home interior landscape by pushing the boundaries of design and creating living spaces that reflect unique personality and style. Join us on our journey to redefine the essence of interior design with IVAS.
